Sorry, no people match the phone search criteria you entered. We recommend you search again.

- Check for correct spelling in all search fields including City and State abbreviation.
- Broaden your search by using fewer search fields.
- Use the wildcard character ("\*"). For example typing "D\*" as your first name search criteria will return people whose first names begin with "D".

It is also possible that the person you are looking for does not have a phone listing in Yahoo! People Search.

### Sorry... No listings found.

#### Suggestions:

- . Check the spelling of the name.
- Specify the name more generally. For example, omit the first name, or uncheck "Exact matches only," if it was checked.
- Try using the wild card character, \*. For example, "r\*d" will match "Reed," "Reid," and "Read" (among others).
- Widen your search area. For example, check "Include nearby areas" when searching in a City, or try a Nationwide search (leave City empty).
